WHOWEARE

Coral Pearl Navire Ltd is a ccompany that has made the financial investment required to support and operated first class remote facility management operation. The investment is in the physical facilities and equipment as well as the team members required in servicing our customers. We recognise that providing first-class food services to the Nigerian Oil and Gas industry, first required competing in the area of:

- Procurement
- Transportation
- Supplies of food items/engine board equipment
- Catering services

The company as part of efforts to ensure efficient service delivery to our clients also has in place a wonderful human capital. Training and staff development schemes are also in place to Make personnel focused and effective in all tasks assigned from time to time.

With all these, nothing is impossible. Coral Pearl is a union of creative minds, dedicated in finding and providing the highest quality cost control that effectively sells our product.

WHAT WE DO

Coral Pearl Navire supplies food, cleaning materials, soft drinks, and engine board materials to crew members onboard vessels and rigs, including FPSOs and PSOs, both offshore and ashore. We operate with powered, partitioned 20ft containers and chiller trucks/vans.

We make work easy for our valued clients by sourcing local products from the nearest markets. Due to the high level of service demanded and the short delivery time required, we always keep our imported products stored in optimal conditions to ensure timely delivery.

The management and staff of Coral Pearl Navire are experts in this line of trade and have established a strong reputation for the prompt delivery of items required by our clients. We ensure that all products are sourced only from the best markets, both international and local to maintain quality, freshness, and readiness. As such, we procure our products from Germany, the UK, Holland, the US, the Benin Republic, and the best markets in Nigeria.

CORPORATE MISSION

Our philosophy is based on the desire to increase the range of our services. Our corporate mission is to ensure a complete integrated management package and give our clients maximum satisfaction by responding to their requirements.

CORPORATE VISION

Our vision is created from an idea that has propelled itself in the redefinition of chandelling as a whole. Our vision revolves around our core values, which are:

- Safety(health)
- Excellent in service
- Punctuality
- Reliability
- Efficiency
- Effectiveness
- Neatness/Cleanliness

OUR APPROACH

To extensively strive in bringing measurable benefit to our customers, we do so by bridging the gap between the market and our clients by maintaining ongoing dialogue with our customers via face-to-face communication.

We also listen and solve any complaints or difficult situations they cannot handle.

MANPOWER

Coral Pearl Navire Ltd maintains a certified high profile and reputable staff with seasoned experience in ship chandelling, food, materials, product handling, product shipment, business administration, professional consulting on technical matters, technicians, and skilled workers in various disciplines.

SCOPE OF SERVICES

Our employees have vast experience in Marine, Production, Entertainment, and Oil & Gas service industries.

Our management teams are efficient in ensuring that our clients' needs and demands are met.

SAFETY POLICY STATEMENT

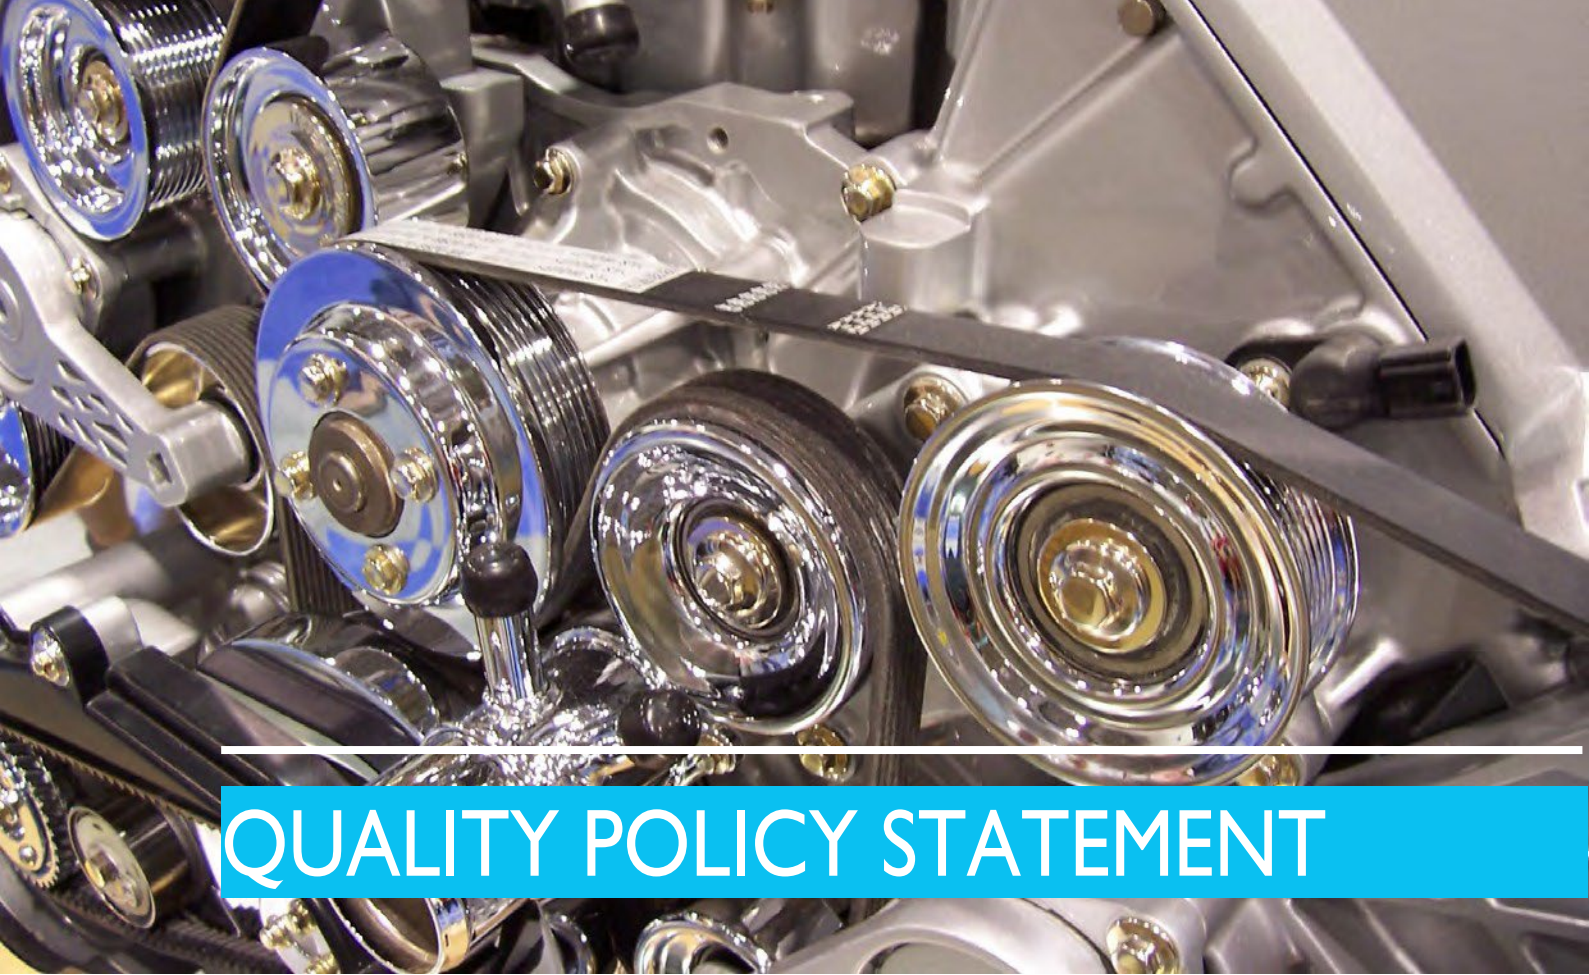

Coral Pearl Navire recognises that an injured staff cannot produce efficiently and a hazardous working environment is inimical to profitability hence, we accept responsibility as an employer for providing a safe healthy working place and enabling environment for work in order to:

1. Ensure optimal and profitable organisation of work; maximise production resources and human capital.
2. Inculcate the habit of adopting the laws relating to health, safety and environment as the standard to be adopted within the working situation and beyond at all time.

In this regard, we,

1. Train our staff periodically in order to adapt to current health, safety and environmental practice.
2. Appoint department supervisors to ensure that work is carried out in a safe manner to discourage waste of resources and ensure safety of workers.
3. Ensure that the Safety Manager is informed with current information regarding safe and healthy environmental practices in order to prevent hazards and injuries within the work setting, and communicate such to all staff.

— MD/CEO

QUALITY POLICY STATEMENT

Coral Pearl Navire Ltd recognises that the maintenance of quality standards in our products and services is the “spice” that will endear our clients to us and inspire confidence in our product and service delivery. Hence, we are committed to a policy that ensures the end product of our business transactions achieves a standard which complies with contractual and environmental regulations.

High quality standards shall be maintained in every stage of our operation, from personnel recruitment, staff training, procurement, product packaging, and shipment to destination and maintenance service. service.

In this regard, we,

1. Identify and record any product, packaging, transit, and quality system problems.
2. Prevent any occurrence of non-conformity relating to products, goods, and services.
3. Initiate, recommend, and provide solutions through our clients' official communication channels should any product deficiency or abnormality be detected.
4. Control further delivery of non-conforming products or services until the deficient condition has been remedied.

OUR CLIENTS

Client satisfaction is our main priority, everything that we do is focused on you. Three pillars of our business are trust, loyalty, and relationships. We enjoy meeting and exceeding our clients' expectations, and we truly care about the end results we provide. We have built many long-lasting relationships with the clients and subcontractors we work with, and we are proud of our reliable reputation in the ship supplier industry as the partner of choice.
